- 12:00 Trout pond site - continue with Q & A Session

Each participant will leave with their own "Ponds - Planning, Design, Construction" handbook plus new knowledge about ponds.

**Re-certification credits available**

## "Certified Contractor Grace Period"

In the past, the "grace period" for certified individuals to obtain credits for re-certification was two years. This was to provide ample opportunity for them to attend a training course which were generally only offered in the Fall and Winter. Most certification and licensing programs offer a much shorter "grace period" to obtain continuing education credit.

For these reasons, we at the Nonpoint Source Training have decided to shorten the "grace period" to **six months** from the date of the expiration of certification which is consistent with other licensing and certification programs. If you do not obtain credits by that time you will be removed from the list and must again go through the certification process to be re-instated.

## Pre-registration is required.

To register for the Pond Construction Workshop, please fill out this form and return it with payment by April 15<sup>th</sup> to:

Franklin County SWCD, 107 Park St., Farmington, ME 04938

Name: \_\_\_\_\_ Phone: \_\_\_\_\_
