

Annual Appeal

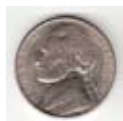

Please help us expand our Conservation Education, LakeSmart & Other Programs

Franklin County Soil & Water Conservation District is a not-for-profit organization that is solely reliant upon funding from grants and fundraising. While the U.S. Department of Agriculture generously provides office space, FCSWCD is not a federal or state agency, and is not funded, as such. The tightening economy has reduced our grant monies, and we must ask for your help. Environmental programs are more important than ever, and we hope your donation will propel our progress forward.

Your gift will make a significant difference and help us to continue:

- Educational programs such as Environmental/Agricultural Day at the fair which attracts over 1,200 students, teachers and chaperones; Conservation Field Day, and the Mock and Regional Envirothons
- Contractor certifications, Lakeside Awards, and gravel road Front Runner-Grader programs that help sustain our natural resources
- Public programs, adult education and activities such as the popular GPS training classes.
- Providing educational resources, information or materials about soil and water conservation

We need your support. Your **tax-deductible gift** to our annual Appeal will benefit future generations. We urge you to consider the largest gift you can. However, we sincerely say that **no gift is too small and that all gifts are greatly appreciated**. We accept cash, checks and money orders.
